

# WATER JUSTICE KNOWLEDGE EXCHANGE SPEAKER SERIES

Learn how researchers and community-based partners collaborate to achieve shared visions related to water and social justice.

## Equity and Access to Urban Water Supply Systems in Low-Income Neighborhoods in Fako Division, Cameroon

Access to clean and reliable water supply is a fundamental human right and essential for the health and well-being of urban populations. In many developing regions, including Fako Division in Cameroon, disparities in water access and equity pose significant challenges. This research explores the dynamics of water supply systems in low-income neighborhoods within this division, focusing on issues related to equity and access.

### PRESENTERS

Ms. EWUBE Kelly Laure EGBE, Founder and President of ONE GREEN AFRICA (OGA)

Tata Emmanuel Sunjo, Ph.D., Researcher, University of Buea, Buea, Cameroon
